

The image shows the interior of a large, bright hall with a high, vaulted ceiling featuring exposed wooden beams and rafters. The ceiling is decorated with strings of warm white fairy lights. Large, arched windows with multiple panes allow natural light to fill the room. In the foreground and middle ground, several long wooden tables are set for a wedding reception. Each table is equipped with white tablecloths, glassware, plates, and silverware. Centerpieces of fresh flowers, including white, blue, and yellow blooms, are placed on the tables. A tall, slender vase with a large arrangement of flowers stands near a brick fireplace on the left. The walls are white, and the floor is made of light-colored wood. A white door is visible in the background, leading to another part of the hall.

our wedding at Dunsden"*

Amazing facilities at affordable rates

Dunsden village hall is a registered charity run by a committee of volunteers for the benefit of the community, so you will find our rates are a *lot more attractive* than those of commercial venues.

The building was *extensively refurbished in 2018* and offers a high quality experience to all our hirers.

Besides weddings, it is very popular for *family celebrations of all kinds*, as well as for a regular programme of fitness and other classes, meetings and community events.

We expect to be fully licensed for weddings soon, but in the meanwhile the hall is a popular venue for blessing ceremonies

Our hall has a lovely garden as well as a field with countryside views

*“Thrilled with the venue...
everything we hoped for
and more besides...made the
whole day incredibly special”*

Our smaller hall is great for buffets

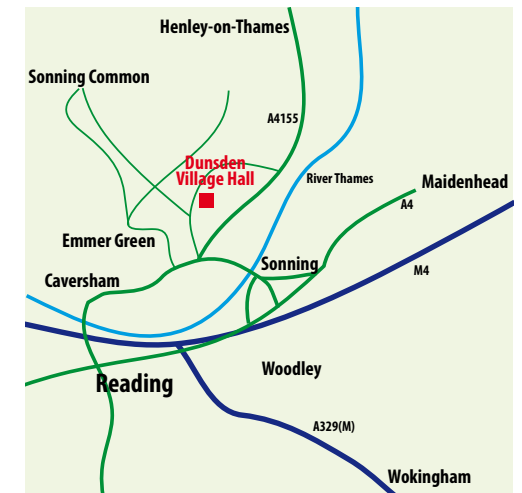

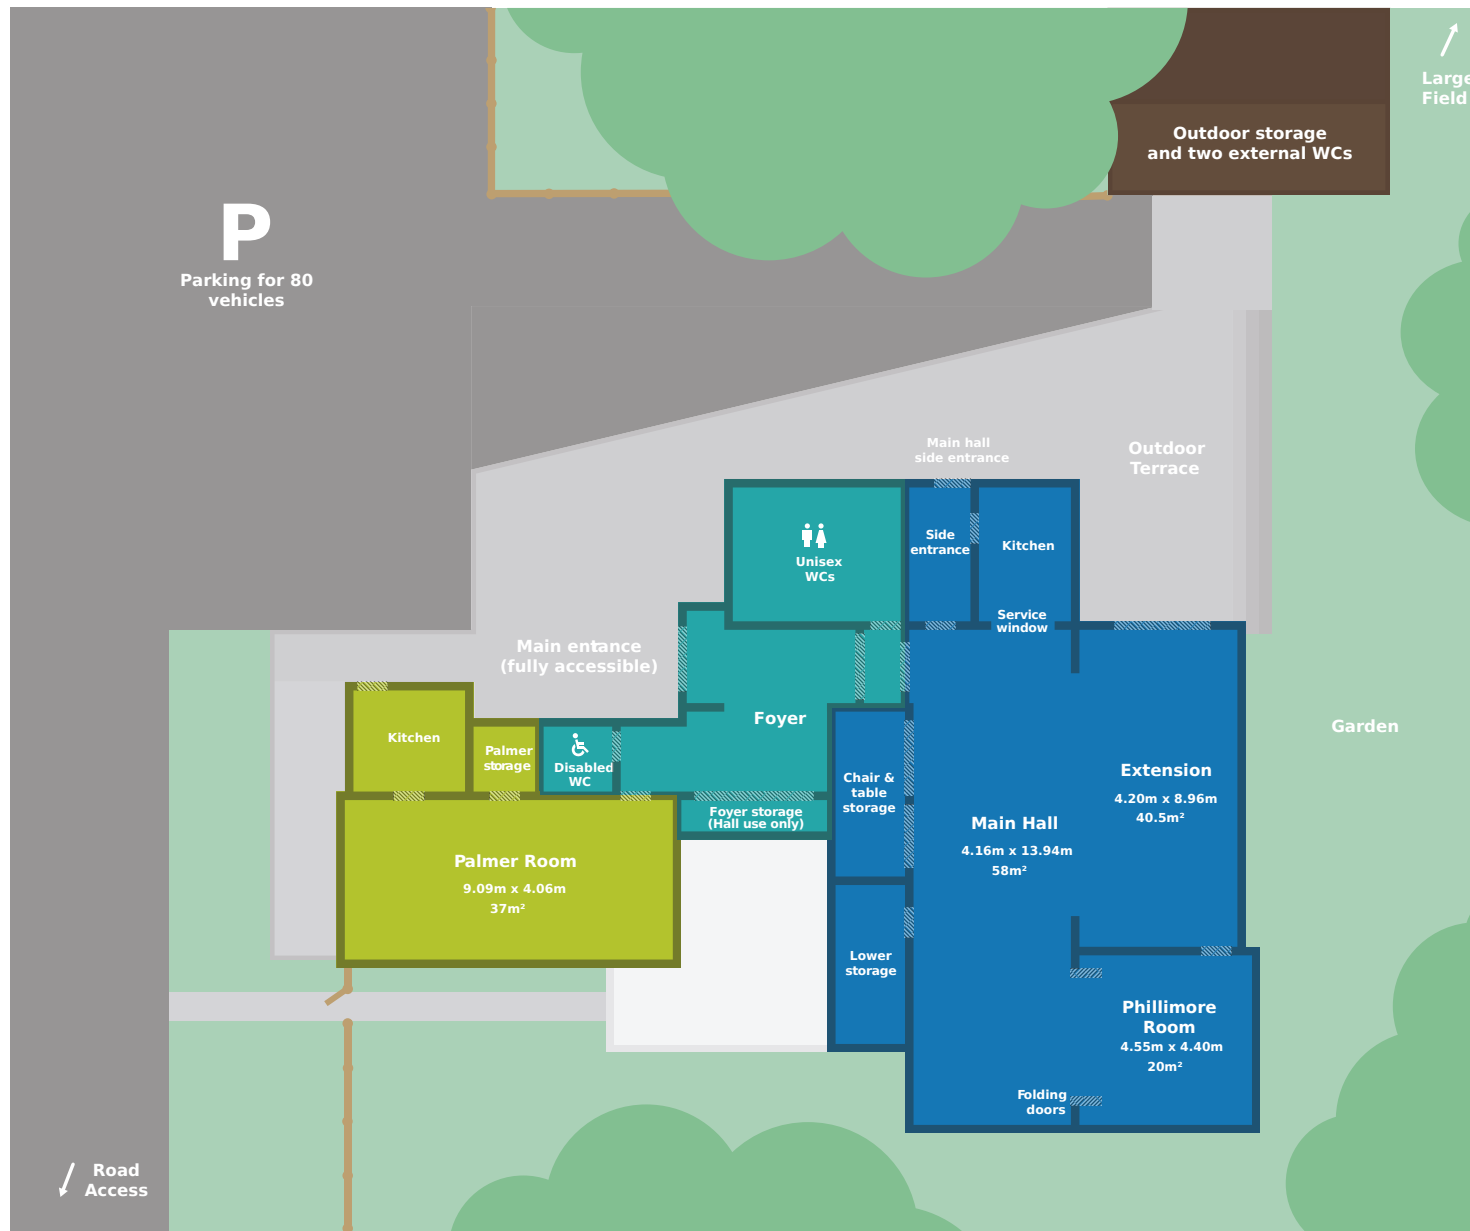

See the hall plans for all measurements and capacities

The building has a lovely new terrace which is accessed from double doors off the main hall
